### Ask Your Legislators to Support Concurrent Receipt Reform

Half of the U.S. Senate (50) is now co-sponsoring key concurrent receipt reform legislation; the "Major Richard Star Act" (S.344). The House companion bill (H.R.1282) has 105 co-sponsors. Concurrent receipt reform is of paramount importance to the FRA and the association is continuing to work to eliminate this unjust offset to benefits.

There are still many lawmakers who would support this legislation if they heard from constituents. Click the links to see whether [your senators](#) or [your House members](#) support this legislation. With turmoil over delayed budgets and work on the National Defense Authorization Act (NDAA), it is impactful to email and call your elected officials asking them to support concurrent receipt reform.

You can call your lawmaker through the toll-free Capitol switchboard at 866-272-6622. If you provide your zip code, they will connect you to your legislators. When talking to legislators or their staff remind them that retired pay is for vested years of service paid by DoD, while disability compensation is for lifelong injury paid by the VA. To reduce retirement pay because of a disability is an injustice!

Members are also urged to continue to use the [FRA Action Center](#) to weigh in on this issue.
